

# IRIS DRIVE

“You’ll love it and hate it at the same”

## Who We Are

Iris Drive is a band native to Seattle but gets its roots in rock, alternative country and americana music.

Iris Drive is led by front man Ryan Neal, guitarist Matt Miniken, and drummer and pianist Andy Orozco.

They blend multiple styles of music and diverse instrumentation to create a sound that is centered in outlaw country and reminiscent of the early days of rock and roll.

Their sound started in Nashville, but they bring influences from both the West Coast and East Coast to create music that pierces the soul.

**2019: Signed to 5 Day Records**

## Press

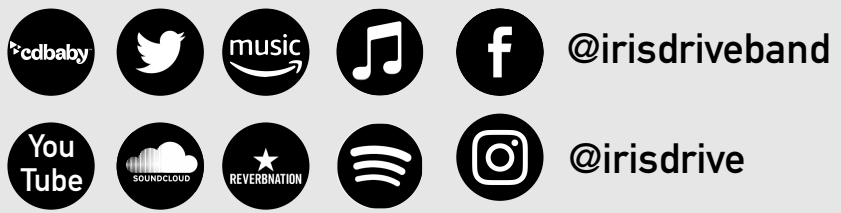

This is very much a professionally-made recording: solid synced performances, High production value. Kudos!  
- Jeff Beauvoir - The Seattle Theater Group

This band had me from the first song. I woke up the next morning and couldn't get "If I" out of my head.  
- Christina Eichelberger - Sony BMG

They're freaking awesome! First song is a great indicator of how a record is going to go, and from there on out it is a super fun record.  
- Steve Migs - KISW "The Rock"
